22<sup>nd</sup> February 2018

Dear Parent/ Guardian,

Firstly, I would like to take this opportunity to thank you all for your continued support of Health Futures UTC. As I am sure you are aware, the former Principal Mr Fell has left the Health Futures UTC, and with the full support of the Governing Body, Mr Harding will be stepping up from his previous role of Deputy Head, to take on the position of Acting Principal. Mr Harding will be supported by a team of experienced professionals that have been especially commissioned from various leadership roles and have experience of working within the UTC group at senior levels. The senior leadership team will work closely with the Governors and staff to ensure that high educational standards are maintained throughout the college. We are committed and will continue to ensure that all expectations and priorities are upheld.

The main aim of the Health Futures UTC is to ensure that all our students are given the opportunity to progress onto careers in the Health and Social Care professions. To do this, it is extremely important that students are given the opportunities of learning from, and / or working within the different agencies involved in such careers. To ensure that the educational needs of all our students are met, we will be working with other agencies and seeking other provisions in order that our students are given every opportunity to progress their educational journey.

As I am sure you are aware, this is a very important time in your child's education and in order that we continue to maintain the highest standards and expectations for our students, we expect all students to be in full professional dress always. Expectations of the Health Futures UTC must be maintained. Students are expected to behave in a professional manner and conduct themselves accordingly. Rules of conduct and behaviour are laid out in the behaviour policy of the college. All policies and procedures can be located on the college website.

We value your support and the commitment of staff and all those involved in the future success of the Health Futures UTC. If you have any questions or concerns, please do not hesitate to contact the team.

Kind regards
