Tuesday 13th March 2018

Dear Parent/Carer

Year 11 Exam Support Evening for Parents/Carers

As our Year 11 students are fast approaching their final examinations, it is vital that they are fully equipped with all the necessary knowledge and skills to enable them to perform to the best of their ability.

Knowing how best to support the students can often be challenging for Parents/Carers. The examination system has changed significantly in recent years and so we want to provide an opportunity to explain how the changes will impact on your child. In addition we want to show you what resources are available to students to assist in their revision and provide guidance on how you may be able to help them prepare for the examinations.

A large part of the student's success will be down to how effectively they manage their time, and implement an effective revision programme, in the remaining time available to them.

On **Wednesday 21st March 2018, from 6pm – 7.30pm** we will be holding a Support Evening for parents and carers and we would like you to attend.

The aim of this evening is to provide you with advice, tips, key dates and techniques that will help you with this support. There will be opportunity to speak with the Head of Mathematics, English, Science and Health & Social Care, along with the Head of Year 11, Mr Hinton.

Students are welcome to attend, however the focus of the information provided will be for Parents/Carers.

Please feel free to contact us, via phone or email, at any point to discuss revision techniques or how we can work to support your child further. Contact details are available on our website.

We look forward to seeing you then.

Kind regards

A handwritten signature in black ink that reads "J. Harding".

James Harding
Acting Principal
