20 December 2018

Dear parents

### **Curriculum Update**

I am writing as we approach the end of this first term to update you with regards to some curriculum and staffing changes which will take effect from January.

We are delighted to have appointed a new physics teacher, Mr. Graham Phillips. Mr. Phillips attended interview last week and the feedback from all the students and staff members he met was extremely positive. He is very experienced and will be an asset to both the science department and the wider school. Mr. Phillips is currently negotiating his notice period with his current school and we are hoping that he will be able to join us early next half term.

At the end of this week we will be saying farewell to five of our teachers, including our vice principal Mr. Harding. All have secured new jobs in the New Year. The other teachers who are moving on are Miss Scott, Mrs. Dhiman, Mrs. Dangerfield and Mr. Guest. Two of our support staff are also moving on to new ventures, Mr. Rahman and Ms. Samuels. We wish them all the very best of luck.

Following the mock exams and milestone assessments, there will be some group changes in Key Stage 4. All students will be issued with new timetables on January 8<sup>th</sup>. Year 11 will have an additional maths lesson each week. This additional time is to ensure that all students have the best possible chance of achieving their target grades.

The next set of reports will be emailed to parents on January 22<sup>nd</sup>. Year 11 parents' evening will be on January 24<sup>th</sup> from 4p.m. until 7 p.m.

I wish you all a happy and peaceful Christmas and am looking forward to our continued improvements at Health Futures in 2019.

Yours sincerely

A handwritten signature in blue ink that reads "R Umerah".

**Mrs R Umerah**  
Principal
