Monday, 03 June 2019

Dear Y12 parents,

As your son/daughter moves quickly towards their final year of studies with us, it is now time to begin thinking about their plans once they have finished their Level 3 courses. This could be moving on to higher education with a university, into an apprenticeship or into a full time job. Over the coming weeks we will be providing all year 12 students with a wide range of information on all avenues that are available to them. This will begin during our UCAS launch week which will begin on Monday 10<sup>th</sup> June 2019.

As this is a period of time where there will be a lot of information coming their way, we would like to extend an invitation to parents/carers/guardians to attend an evening on Wednesday 12<sup>th</sup> June from 6:15pm -7pm. This will feature a presentation from both myself and Miss Nightingale about the process of applying to university, what support we are putting in place for the students over the coming weeks and to discuss any additional support that you would like. Following the presentation there will be an opportunity for you to ask questions or discuss any of the topics we cover in more detail along with some refreshments.

For catering purposes, could we ask that you confirm via email to [admin@healthfuturesutc.co.uk](mailto:admin@healthfuturesutc.co.uk) if you will be attending, indicating how many people you will be attending with.

We look forward to seeing you all there.

Yours Sincerely,

A handwritten signature in black ink, appearing to read "KS", written in a cursive style.

Kayleigh Steed  
Director of Post 16 and Head of Health and Social Care
