	3:50-4:30 HSC/Childcare Mrs Steed Targeted task intervention			

Other interventions available:

Sociology - Targeted support in lessons.

Psychology - Targeted support in lessons

Business - Targeted support in lessons

Biology/Chemistry/Physics -Bespoke interventions that are carried out within lessons. Science staff are available after school if students wish to speak to them. Students are expected to identify areas where they might be struggling and request support with these areas.

Biology/Chemistry/Physics - Past papers are available on the student shared area which all students are able to access. Students can work on individual questions/topics and then take these to staff to be marked.
